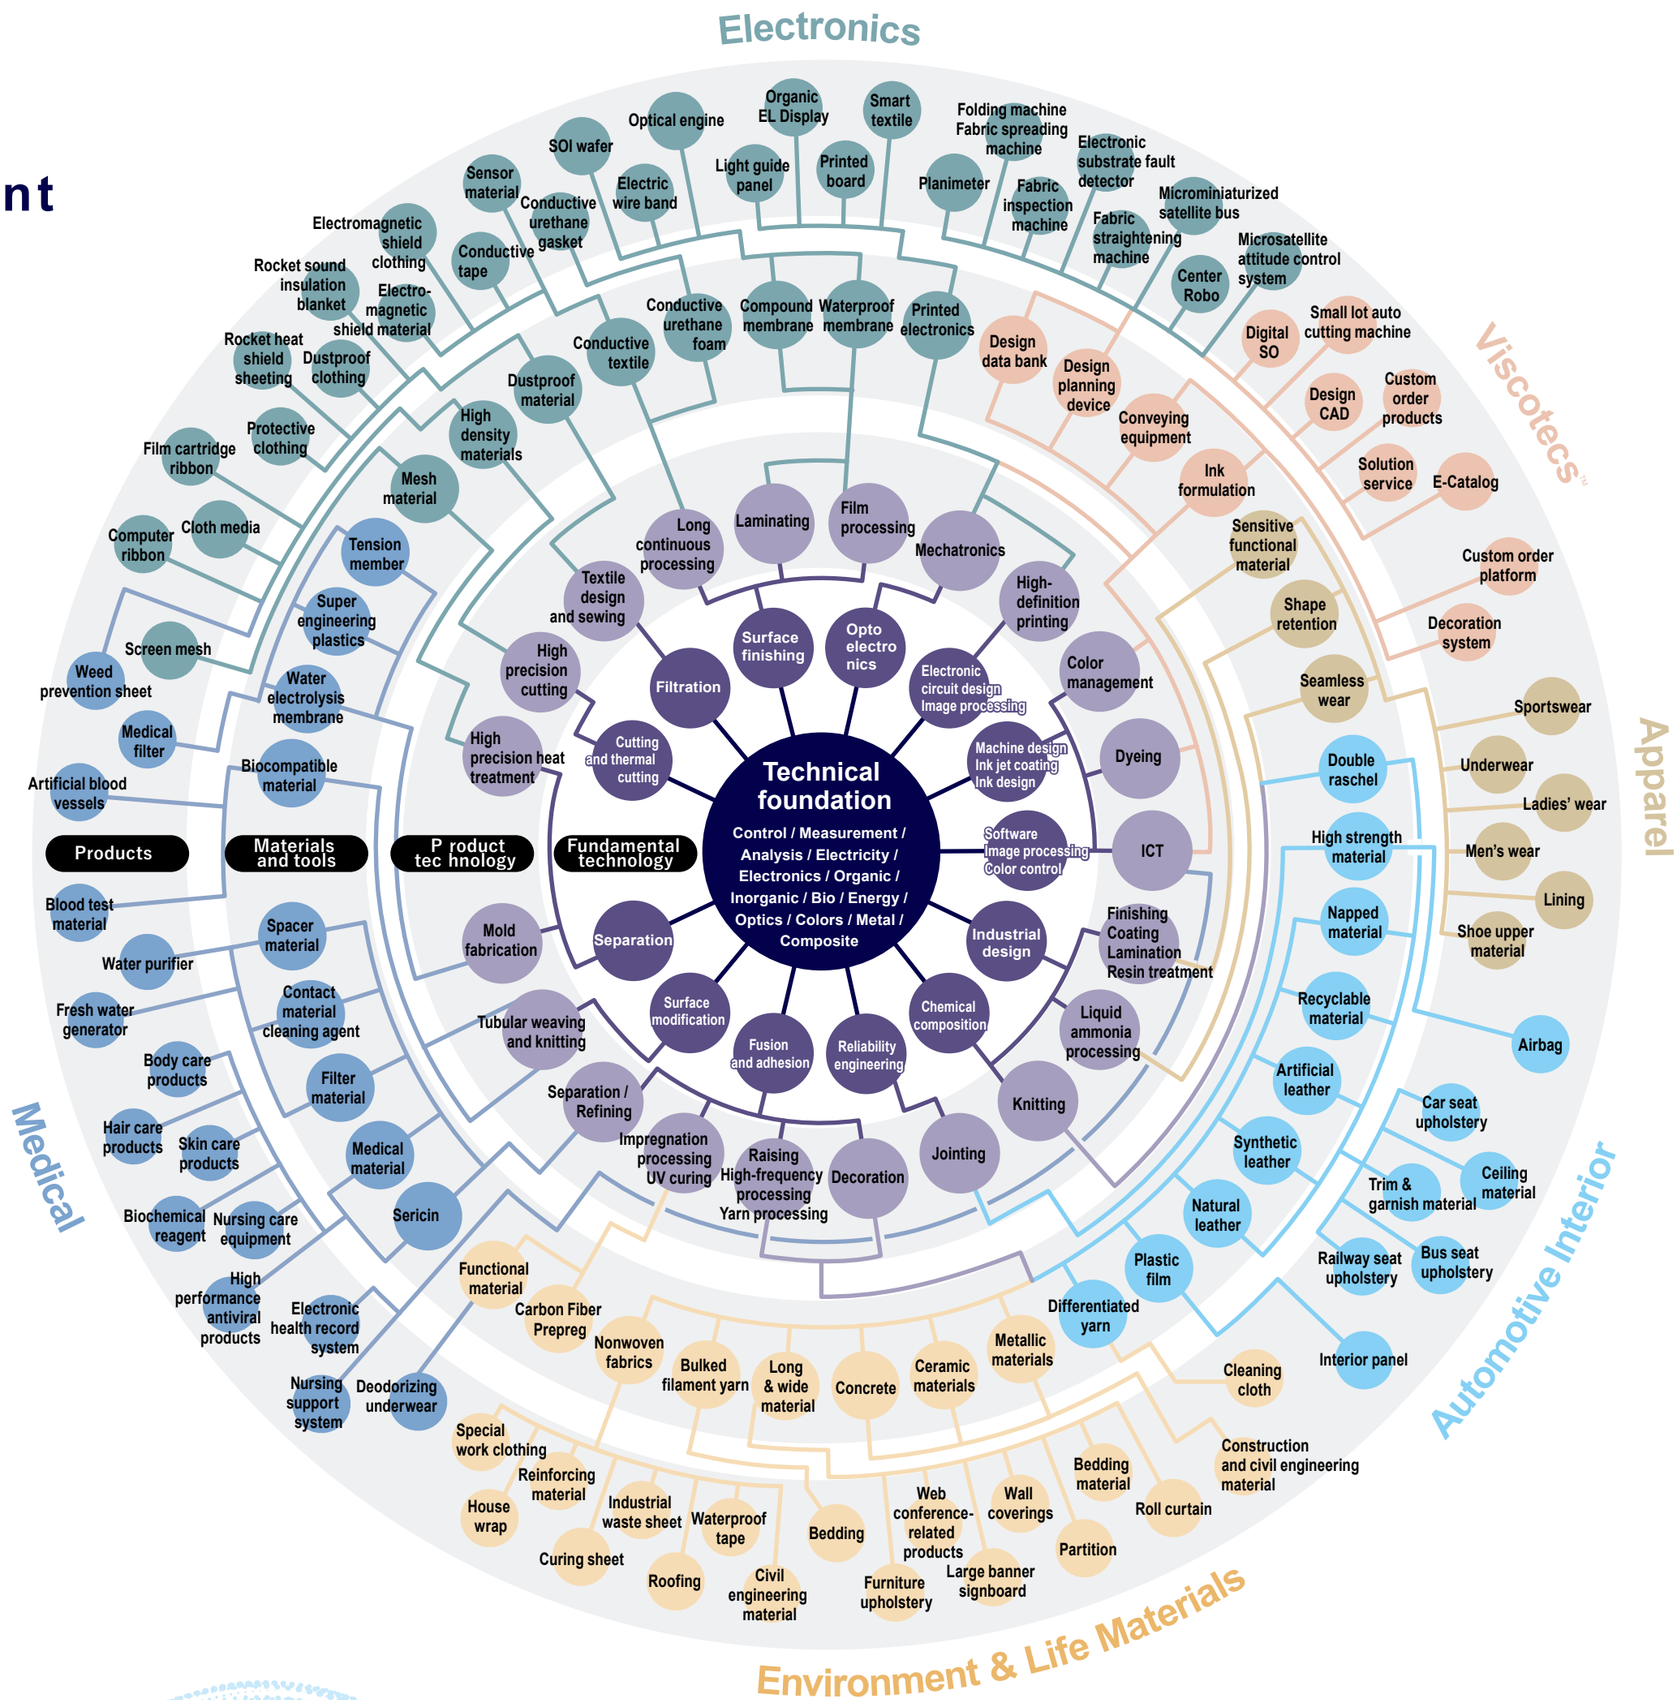
From 1889 to the present and future, Core competence that links a variety of business fields

We have expanded our business fields far and wide since our foundation as a fabric scouring company in 1889.

We have accumulated core competence over a century in various fields including vehicle materials, Viscotecs™, electronics, environmental and living materials, medical goods and apparel.


Our strength lies in our technological foundation, which holds unlimited possibilities, and our capacity to develop and evolve it to meet the needs of the times and society.
